## Chairperson's Message

Welcome to the Indraprastha Institute of Information Technology Delhi (IIIT-Delhi), a leading institute of higher education, innovation, and research. Since its inception, IIIT-Delhi has established itself as a world-class institution dedicated to shaping the future of society through our technological advancements, education and collaborations. Our vision is to become a globally recognized academic institution, driven by innovation and excellence, creating impact in areas such as IT, Artificial Intelligence, healthcare, sustainability, to name a few. Navigating through the rapidly changing landscapes of technological developments and societal challenges, IIIT-Delhi is committed to its mission of advancing research and education that serves humanity. Guided by our core values of integrity, compassion, trustworthiness, initiative, and freedom of enquiry, we strive to foster an environment where students and faculty can thrive both academically and personally. Our institute stands as a hub of interdisciplinary learning with a positive societal impact. We are committed to nurturing future leaders who can think critically, innovate responsibly, and contribute to the betterment of the world. Our collaborations with government, industries and top international and national universities give our students and faculty opportunities to access the global world and thus make significant contributions to society through their research. We are proud of our dynamic campus environment, which celebrates diversity and encourages open communication while enabling each person to attain his/her greatest potential. As we continue to grow and expand our impact, we remain focused

on addressing the complex challenges of today through cutting-edge research in emerging fields such as AI, data science, nanotechnology, quantum technology and more. Our faculty, students, and staff work together to drive transformative solutions, reinforcing our role as a leading institution in India and globally. I warmly welcome the young aspirants, who are willing to pursue career in IT, AI and related emerging technologies, to explore our thriving campus, engage with our vibrant community, and join us in our journey of creating a more innovative, sustainable and equitable future for all. Prof. Rajesh Srivastava, Chairperson, Board of Governors Last updated: 08-10-2024
